Date: 14 June 2017

This is to certify that Md Mesbah Uddin has passed the course *Techniques for Writing and Presenting a Scientific paper*. The course was held at Center for Quantitative Genetics and Genomics at Aarhus University, Foulum on 22 – 24 May 2017.

### Course description:

The course teaches the participants essential techniques for effective writing and presentation of scientific information. Learning outcomes are, among others, improvement in the ability to write and communicate in a clear and precise way, and the practical editing of a paper, writing a tight abstract, and designing a poster.

For active participation and completing the exercises, Md Mesbah Uddin has been awarded 2 ECTS.

Yours sincerely,

Michael Grossman, University of Illinois (Course lecturer)
